

## **ComSource Installer, Entry Level**

Reports to Project Manager

This job is located at our Troy Service Center at 1919 Birchwood Drive, Troy, MI 48083

ComSource is looking for a full-time Installer to join our service team in our Troy office. The Installer will have a thorough understanding of equipment for two-way radios as well as be technically inclined, professional, organized and self-motivated.

### **Overview of job duties:**

To attend to the installation projects of high-end radio products and systems. These products include portables, mobiles and repeaters.

### **Requirements: Installations**

- Demonstrate basic electricity skills as it pertains to understanding AC, DC volts and amperes
- Demonstrate basic electricity skills as it pertains to understanding vehicle wiring, including negative and positive voltage levels
- Demonstrate basic mechanical skills including, but not limited to, the use of basic hand tools, basic mechanical tools, drill motors, etc.
- Demonstrate the use of test equipment as it pertains to vehicle 2-way radio installations, i.e. volt-ohm meter and RF wattmeter

### **Requirements: Technical**

- Basic troubleshooting of two-way radio, in-vehicle systems, to isolate the problem for resolution; antenna system, power issues, or the unit itself

### **Requirements: ComSource policies and procedures**

- Complete adherence to the ComSource daily routine, e.g. being to work at the scheduled start time, penmanship, and proper completion of required job paperwork, adherence to dress code and assigned area cleanliness, etc.
- Complete all training requirements that might include but are not limited to; Motorola online training courses, Chicago area training courses, seminars, and personal training goals for advancement

***Other duties as assigned by Service Manager***

## **About ComSource:**

ComSource is a family owned business with around 30 employees and locations in Plymouth and Troy, MI. Nationwide, ComSource is ranked by Motorola as one of their top 15 Premier Partners. It has more than 20 years of experience in offering two-way radio solutions, bidirectional amplifiers, in-car video, FCC licensing, and 911 dispatch products. Additionally, ComSource owns MICHIGANTRBO — a digital network that allows commercial motor vehicles to connect instantly, safely, and legally using voice and GPS data. Whether it's a small, on-site system or a large enterprise installation, ComSource's innovative solutions create highly connected teams that are empowered with the information they need in the moments that matter most. *ComSource offer competitive compensation to all its employees as well as comprehensive benefits which include medical, dental, vision, 401k, paid-time off, holiday pay and more.*
